

PRESS RELEASE

finpair GmbH and DAN/AG - Deutsches Analyse Netzwerk AG:

First fruits of cooperation in research studies are evident

Hanover/Goettingen (08/16/2023) – The cooperation between finpair and DAN/AG was launched in May 2023. Since then, DAN/AG has supported finpair in a number of promissory note loan transactions (SSD) with corporate analyses to accompany the issue.

“We are happy that with DAN/AG, we have gained a partner with long-standing expertise, with which we too have been familiar for many years. In addition, we have been very impressed by DAN/AG’s completely revised product range for SSD research studies, which is tailored to our needs”, says Tobias Müssig, Managing Director of finpair GmbH, adding: “With this, we can offer our clients custom-fit solutions for their different placement requirements.”

DAN/AG’s CEO Volker Sack is also delighted with the cooperation: “We are extremely pleased to be able to support finpair GmbH in its business activities. We are convinced that good quality and above all, neutral research is an extremely important vehicle for informing institutional investors and consequently, for accompanying SSD transactions.

finpair: “Digital. Efficient. Flexible. These are the promissory note loans of today.” This is the philosophy of finpair as an innovative provider of digital promissory note loans, which emerged from a digitisation offensive of NORD/LB. finpair is the only platform provider giving users the benefit of a digital product solution offering personal product and structuring expertise from a single source. finpair covers every stage of the promissory note process from structuring, through marketing to repayment and offers services and value-added benefits in all phases. Due to its digitally supported approach and the broad investor universe, finpair is also the optimum partner for broad placements of debt instruments as well as for private placements. Issuers benefit from the transparency, efficiency and cost reduction of the platform technology. // www.finpair.de

DAN/AG or Deutsches Analyse Netzwerk AG, founded in December 2022 and based in Göttingen, Lower Saxony in Central Germany, is a nationwide association of financial analysts and capital market experts with many years of experience in international equity, credit and funding research. DAN/AG’s core competencies include the preparation of company analyses for capital market transactions as well as capital market research for listed companies from market-wide selection indices such as DAX, MDAX and EURO STOXX 50.
